Are there any other costs?

As well as covering the delivery of your funeral as per the terms and conditions of your plan, your plan price includes a £285 arrangement fee, which Golden Charter retains as a contribution towards setting up your funeral plan and a £49 Administration fee. A plan from Golden Charter also includes an allowance towards third-party costs. These are essential, non-funeral director services such as the cremation or burial fees, plus the minister or officiant's fee to perform the service. There will only be more to pay at the time of the funeral if the third-party costs exceed the allowance when you buy your plan, or if the costs increase by more than the growth of your plan. Even if prices rise in the future, once your plan is paid for, you'll have the reassurance of knowing there'll be nothing more to pay for our services included in the plan – guaranteed.

How Can I Pay?

There are various, flexible payment options for all needs & budget:

Single Payment Option	12 Monthly Payments Option	Instalment Payment Option
With a one-off lump sum payment you can rest assured that everything is settled in advance	If you would prefer to spread the cost, you can pay over 12 monthly payments by Direct Debit at no extra charge. You will be covered once all payments are made.	For a lower monthly payment, you can also choose to spread the cost of your plan between two and 15 years. This option includes the added benefit of the Golden Charter Pledge, which ensures that if you die at any time after you have made 12 payments, the benefit of your plan will be provided, with no further sums to be paid. An instalment charge is included based on the term you select and is included in the overall cost of your funeral plan.
